Because it's just not worth it.

DRIVE TO LEARN

Education

We talk to you about how road trauma affects people and about the dangers of unlicensed driving.

Reflections

We ask you to listen to our trained volunteers speak of their first hand experience of the impact of road trauma.

We encourage you to think about your attitudes towards offending and about what you need to change about your reactions and actions.

Prevention

We help you plan some strategies to prevent you from being a traffic offender in the future.

Evaluation

We ask you to be specific about your intentions "what changes do you intend to make as a result of attending this workshop?"

So what can you do?

- >> Now that you have decided to make the change... How do you do it?
- >> Think about what could happen if you drive unlicensed
- >> Look at why you offend
- >> Look at the bigger picture... what will your choices be later on
- >> Think about who your mates are
- >> Be honest with yourself
- >> Find someone to talk too
- >> Give others a chance to help
- >> Plan to say no
- >> Make a decision to change specific aspects of your life

Contact
