

# VOLUNTEER FOR OUR EDUCATION PROGRAM

People who have been personally impacted by road trauma play a critical role in our education programs.

Help promote road safety in your local community.

- Have you been involved in a serious road incident?
- Are you looking to share your story with others in the hope that one less family is impacted by road trauma?

Road Trauma Support Services Victoria delivers local education programs that address the attitudes and behaviours of road users. Volunteers share their personal stories to get the road safety message out into the community and ultimately save lives!

If you have been:

- injured or had a family member/friend injured or die
- first on the scene at a serious road incident
- a witness to a road incident
- a driver involved in a serious road incident
- an emergency service worker attending a road incident

**...we would like to speak to you.**

**1300 367 797 | [www.rtssv.org.au](http://www.rtssv.org.au)**

Road Trauma Support Services Victoria is a not-for-profit organisation contributing to the safety and wellbeing of road users. We provide counselling and support to people impacted by road trauma, and address the attitudes and behaviours of road users through education programs.
